Dear Mr. Phillips,

This letter is in follow-up to your email submitted to Chad Hardy, Florida Department of Environmental Protection, Operator Certification Program dated March 31, 2021.

Through the course of recent discussions with Mr. Guevarez regarding complaints levied against him, Mr. Guevarez decided to voluntarily relinquish his Class C Water Treatment Plant Operator license.

The department received and accepted his request to voluntarily relinquish his license, DWC #27367, on May 3, 2021. As of that date, Mr. Guevarez is no longer a licensed Water Treatment Plant Operator and may no longer identify himself as such.

At this time, no further action is anticipated by the department regarding this matter.

Sincerely,

A handwritten signature in blue ink, which appears to read "Ron McCulley".
