*Re: Freedom of Information Act Request: EPA-2022-001050*

Dear Mr. Ruch:

This is the response of the U.S. Environmental Protection Agency (EPA) to your above-referenced Freedom of Information Act (FOIA) request seeking (a) the number of criminal investigators currently assigned to the Office of Criminal Enforcement Forensics & Training, (OCEFT), and by fiscal year, for each fiscal year from FY2011 through 2021; (b) a summary reflecting the percentage or rate of CID agent turnover (or retention), including the seniority level of departing agents; (c) any analysis of whether CID agents are leaving the agency more quickly after initial training than was the case in prior years; (d) any summary of CID agents' exit interviews of departing agents with the reason or reasons for leaving; and (e) any analysis generated from the beginning of FY 2011 to present on the rate of declination of criminal referrals from CID by the Department of Justice.

OCEFT does not maintain records pertaining to either the percentage or rate of CID agent turnover (or retention), including the seniority level of departing agents, or an analysis of whether CID agents are leaving the agency more quickly after initial training than was the case in prior years.

OCEFT currently has 161 law enforcement agents, and enclosed are the following: records on the rate of declination of criminal referral and departing CID agents' exit interviews which state the reason or reasons for their departure from OCEFT. Portions of these interviews have been redacted because they are exempt from mandatory disclosure under 5 U.S.C. § 552(b)(6), which exempts from disclosure information about individuals in personnel, medical, and other records the disclosure of which would constitute a clearly unwarranted invasion of personal privacy; and § 552 (b)(7)(C), which exempts from disclosure information compiled for law enforcement purposes which could reasonably be expected to constitute an unwarranted invasion of personal privacy.

This letter concludes our response to your request, and you may appeal this response by email at [hq.foia@epa.gov](mailto:hq.foia@epa.gov), or by mail to the U.S. EPA's National FOIA Office, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW (2310A), Washington, D.C. 20460.
