LAND USE COVENANT AND AGREEMENT

ENVIRONMENTAL RESTRICTIONS

Santa Susana Field Laboratory
DTSC Site Code 300232

This Land Use Covenant and Agreement ("Covenant") is made by and between
The Boeing Company (the "Covenantor") and the Department of Toxic Substances
Control (the "Department") with respect to the property currently owned by Covenantor
and located at 5800 Woolsey Canyon Road, in the County of Ventura, State of
California, totaling approximately 2,400 acres and more particularly described in
paragraph 1.1 below (the "Property").

Pursuant to Civil Code section 1471, the Department has determined that this
Covenant is reasonably necessary to protect present or future human health or safety or the environment as a result of the presence of hazardous materials, as defined in Health and Safety Code section 25260, in the groundwater under the Property. The Covenantor and the Department hereby agree that, pursuant to Civil Code section 1471 and Section 4.d.4 of that certain Settlement Agreement between the Covenantor and the Department dated May 9, 2022, effective August 12, 2022 (the "Settlement Agreement"), the use of the groundwater at the Property shall be restricted as set forth in this Covenant.

ARTICLE I
STATEMENT OF FACTS

1.1. The Property. The Property that is subject to this Covenant is more particularly described in the attached Exhibit A, "Legal Description", and is generally depicted in attached Exhibit B, "Parcel Map Waiver No. PL 17-0151," and Exhibit C. The Property is also identified by the County of Ventura Assessor Parcel Numbers set forth above.

1.2. Property Location. The Property is a large portion of the former Santa Susana Field Laboratory ("SSFL") site, which is located approximately 29 miles northwest of downtown Los Angeles, California, in the southeast corner of Ventura County. Part of SSFL is owned by Boeing and the remainder is owned by the federal government (administered by the National Aeronautics and Space Administration). The former SSFL has been divided into administrative Areas I through IV, and two undeveloped areas known as the Northern Undeveloped Land (also referred to as the Northern Buffer Zone) (the "NUL") and the Southern Undeveloped Land (also referred to as the Southern Buffer Zone) (the "SUL"). The Property covered by this Covenant is the entire Boeing-owned portion of SSFL, which consists of most of Area I, all of Areas III and IV, and all of the NUL and the SUL. The Property does not include (and this Covenant does not cover) the portion of SSFL owned by the federal government, which consists of Area II (approximately 400 acres) and approximately 40 acres of Area I.
1.3 Investigation and Remediation Activities. The Property has been investigated by the Covenanter and the Department of Energy ("DOE")\(^1\) under the Department's oversight. That investigation found that hazardous materials, including volatile organic compounds, semi-volatile organic compounds, petroleum hydrocarbons, metals, perchlorate and other inorganic compounds, polychlorinated biphenyls, dioxins and furans, and pesticides and herbicides, as well as energetics and radionuclides, are located in the groundwater at the Property at levels above drinking water standards and are unacceptable for unrestricted use. In connection with such investigation, the Department approved (i) a Final Groundwater Resource Conservation and Recovery Act ("RCRA") Facility Investigation Report for the groundwater located in Areas I, III, and the SUL; (ii) a Final RCRA Facility Investigation Data Summary and Findings Report for a portion of the groundwater located in Area IV, and (iii) a Final RCRA Facility Groundwater Remedial Investigation Report for the remaining portion of Area IV and the NUL (collectively, the "Groundwater Reports"). The Groundwater Reports were developed and approved in accordance with Health and Safety Code, division 20, chapter 6.5. In response to the Groundwater Reports, the Covenanter has commenced and continues to pursue groundwater remediation activities at the Property, including a groundwater interim measure where groundwater is extracted, treated, and reinjected into the aquifer; and both the Covenanter and the Department anticipates that additional groundwater studies and groundwater treatment and remediation activities will occur at SSFL for an indeterminate amount of time (collectively, the "Groundwater Remediation Activities"). The Covenanter and/or other parties, including NASA and DOE, are also conducting other investigation, monitoring, and remediation activities relating to other contamination at SSFL, and that such activities (collectively, the "Other Remediation Activities" and, together with the Groundwater Remediation Activities, the "Remediation Activities") will occur at SSFL for an indeterminate amount of time.

1.3. Basis for Environmental Restrictions. As a result of the presence of the above-described hazardous materials (as defined in Health and Safety Code section

\(^1\) DOE is responsible to remediate soil contamination and areas of groundwater remediation in Area IV and the NUL pursuant to a 2007 Consent Order between the Department, DOE, Boeing and NASA, and a 2010 Administrative Order on Consent between the Department and DOE. NASA is responsible for soil and groundwater contamination in Area IV and the portion of Area I owned by the United States government pursuant to a 2007 Consent Order between the Department, DOE, Boeing and NASA, and a 2010 Administrative Order on Consent between the Department and NASA.
25260) at the Property, the Department has concluded, as set forth in the recitals above, that it is reasonably necessary to restrict the use of the groundwater at the Property in order to protect present or future human health or safety or the environment, and the Covenentor and the Department are entering into this Covenant pursuant to Civil Code section 1471 and Section 4.d.4 of the Settlement Agreement.

ARTICLE II
DEFINITIONS

2.1. **Department.** "Department" means the California Department of Toxic Substances Control and includes its successor agencies, if any.

2.2. **Environmental Restrictions.** "Environmental Restrictions" means all protective provisions, covenants, restrictions, requirements, prohibitions, and terms and conditions as set forth in this Covenant.

2.3. **Improvements.** "Improvements" includes, but is not limited to buildings, structures, roads, driveways, improved parking areas, wells, pipelines, or other utilities.

2.4. **Lease.** "Lease" means lease, rental agreement, or any other document that creates a right to use or occupy any portion of the Property.

2.5. **Occupant.** "Occupant" or "Occupants" means Owner and any person or entity entitled by ownership, leasehold, easement or other legal relationship to the right to use or occupy any portion of the Property.

2.6. **Owner.** "Owner" or "Owners" means the Covenentor, and any successor in interest including any heir and assignee, who at any time holds title to all or any portion of the Property.

ARTICLE III
GENERAL PROVISIONS

3.1. **Runs with the Land.** This Covenant sets forth Environmental Restrictions that apply to and encumber the Property and every portion thereof no matter how it is improved, held, used, occupied, leased, sold, hypothecated, encumbered, or conveyed. This Covenant: (a) runs with the land pursuant to Civil Code section 1471; (b) inures to the benefit of and passes with each and every portion of the Property; (c) is for the benefit of and is enforceable by the Department only; and (d) is imposed upon the entire Property unless expressly stated as applicable only to a specific portion thereof.
3.2. **Binding upon Owners/Occupants.** This Covenant binds all Owners and Occupants of the Property, their heirs, successors, and assignees; and (b) the agents, employees, and lessees of the Owners and the Owners’ heirs, successors, and assignees. Pursuant to Civil Code section 1471, all successive Owners of the Property are expressly bound hereby for the benefit of the Department; this Covenant, however, is binding on all Owners and Occupants, and their respective successors and assignees, only during their respective periods of ownership or occupancy (and such Owners and Occupants shall continue to be liable for its violation of, or non-compliance with, the Environmental Restrictions of this Covenant occurring during their respective periods of ownership or occupancy). The Covenantor reserves to itself, and to its representatives, designees, successors, and assigns, all rights accruing from its ownership of the Property, including the right to engage in or to permit or invite others to engage in all uses of the Property, that are not expressly prohibited or limited by this Covenant.

3.3. **Incorporation into Deeds and Leases.** This Covenant shall be incorporated by reference in each and every deed and Lease for any portion of the Property.

3.4. **Conveyance of Property.** Each Owner shall notify the Department not later than 30 calendar days prior to its intended conveyance of the Property (excluding leases, mortgages, liens, and other non-possessory encumbrances). Such notice shall include the name and mailing address of the proposed new Owner of the Property and shall reference the site name and site code as listed on page one of this Covenant. The notice shall also include the Assessor's Parcel Numbers noted on page one (or, if less than all of the Property has been conveyed, the applicable Assessor's Parcel Number(s) or, if the portion of the Property conveyed has been assigned a different Assessor Parcel Number(s), each such Assessor Parcel Number that covers the portion of the Property conveyed must be provided). The Department shall not, by reason of this Covenant, have authority to approve, disapprove, or otherwise affect any proposed conveyance of all or any part of the Property, except as otherwise provided by law or by administrative order.
3.5. **Costs of Administering Covenant to Be Paid by Owner.** The Department has already incurred and will in the future incur costs associated with this Covenant. Therefore, the Covenantor hereby covenants for itself and for all subsequent Owners that, pursuant to California Code of Regulations, title 22, section 67391.1(h), the Owner agrees to pay the Department's costs incurred to administer, implement, and enforce this Covenant.

**ARTICLE IV**

**RESTRICTIONS AND REQUIREMENTS**

4.1 **Prohibited Groundwater Use.** Extraction or removal of groundwater at or from the Property for human consumption or domestic uses shall not be permitted or conducted without prior written approval by the Department. The Department acknowledges and agrees that the Groundwater Remediation Activities, and application of treated groundwater for dust suppression and irrigation, restoration or other purposes as allowed by Los Angeles Regional Water Quality Control Board or the Department do not violate the foregoing prohibition.

4.2. **Existing Rights Holders.** Notwithstanding anything in this Covenant to the contrary, none of the Environmental Restrictions are intended to impact the rights and obligations of any persons or entities with ownership, occupancy, or use interests in the Property or any portion thereof existing prior to the date of this Covenant, including, without limitation, under any leases, licenses, easements, or other agreements, or pursuant to any mortgages, liens, deeds of trust, encumbrances, encroachments, or other interests in the Property (each, an "Existing Rights Holder"). The Covenantor represents to the Department, that the Covenantor is unaware of any Existing Rights Holder that is entitled to use groundwater at the Property for any purpose.

4.3. **Access for Department.** Subject to Owner's normal safety security procedures at the Property, Owner shall provide the Department and its representatives a reasonable right of entry and access to the Property for inspection, investigation, remediation, monitoring, and other activities as deemed necessary by the Department in order to protect human health or safety or the environment.

4.4. **Access for Implementing Operation, Maintenance and Monitoring.** The entity or person responsible for implementing Department approved operation,
maintenance and monitoring activities, if any, shall have reasonable right of entry and access to the Property for the purpose of implementing such operation, maintenance and monitoring activities until the Department determines that no further operation and maintenance activity is required.

4.5. Inspection and Reporting Requirements. The Owner shall conduct (or cause to be conducted) an annual inspection of the Property verifying compliance with this Covenant and shall submit an annual inspection report to the Department for its approval by September 12 of each year, beginning in 2023. The annual inspection report shall be generally in the form attached hereto as Exhibit D, and shall include the dates, times, and names of those who conducted the inspection and reviewed the annual inspection report. It also shall describe how the observations that were the basis for the statements and conclusions in the annual inspection report were performed (e.g., drive by, fly over, walk in, etc.). If any violation of this Covenant is noted, the annual inspection report must detail the steps taken to correct the violation and return to compliance. If the Owner identifies any violations of this Covenant during the annual inspection or at any other time, the Owner must within 10 calendar days of identifying the violation: (a) determine the identity of the party in violation; (b) send a letter advising the party of the violation of the Covenant; and (c) demand that the violation cease immediately. Additionally, a copy of any correspondence related to the violation of this Covenant shall be sent to the Department within 10 calendar days of its original transmission.

4.6. Five-Year Review. In addition to the annual reviews noted above, after a period of five (5) years from the implementation of any Department approved groundwater remedy until a permanent remedy is implemented, Owner shall submit a Five-Year Review report documenting its review of the Department approved remedy and any additional Department approved remedies implemented after the signing of this Covenant to determine if human health and the environment are being adequately protected from groundwater contamination. The report shall describe the results of all inspections, sampling analyses, tests and other data generated or received by Owner and evaluate the adequacy of any Department approved remedy and any additional remedies in protecting human health and the environment from groundwater.
contamination. As a result of any five-year review of work performed pursuant to this provision, DTSC may require Owner to perform additional review work or modify the work previously performed by Owner.

ARTICLE V
ENFORCEMENT

5.1. Enforcement. Failure of the Owner or Occupant to comply with this Covenant shall be grounds for the Department to require modification or removal of any Improvements constructed or placed upon any portion of the Property in violation of this Covenant. Violation of this Covenant, such as failure to submit (including submission of any false statement) a required record or report to the Department, shall be grounds for the Department to pursue administrative, civil, or criminal actions, as provided by law.

ARTICLE VI
VARIANCE, REMOVAL AND TERM

6.1. Variance from Environmental Restrictions. Any person may apply to the Department for a written variance from any of the Environmental Restrictions imposed by this Covenant. Such application shall be made in accordance with Health and Safety Code section 25223.

6.2 Removal of Environmental Restrictions. Any persons or entities with ownership, occupancy, or use interests in the Property or any portion thereof may apply to the Department to remove any of the Environmental Restrictions imposed by this Covenant or terminate the Covenant in its entirety. Such application shall be made in accordance with Health and Safety Code section 25224.

6.3 Term. Unless ended in accordance with paragraph 6.2 above, by law, or by the Department in the exercise of its discretion, this Covenant shall continue in effect in perpetuity.

ARTICLE VII
MISCELLANEOUS

7.1. No Dedication or Public Access Intended. Nothing set forth in this Covenant shall be construed to be a gift or dedication, or offer of a gift or dedication, of the Property, or any portion thereof, to the general public or anyone else for any
purpose whatsoever. Nothing contained in this Covenant shall be construed as
granting, permitting, or affording the public access to any portion of the Property.

7.2. **Recordation.** The Covenantor shall record this Covenant, with all
referenced Exhibits, in the County of Ventura within 10 calendar days of the
Covenantor's receipt of a fully executed original.

7.3. **Notices.** Whenever any person gives or serves any notice ("notice" as
used herein includes any demand or other communication with respect to this
Covenant), each such notice shall be in writing and shall be deemed effective: (a) when
delivered, if personally delivered to the person being served or to an officer of a
corporate party being served; or (b) five calendar days after deposit in the mail, if mailed
by United States mail, postage paid, certified, return receipt requested:

Any party may change its address or the individual to whose attention a Notice is to be
sent by giving advance written Notice in compliance with this paragraph.

7.4. **Partial Invalidity.** If this Covenant or any of its terms are determined by a
court of competent jurisdiction to be invalid for any reason, the surviving portions of this
Covenant shall remain in full force and effect as if such portion found invalid had not
been included herein.
7.5. **Statutory References.** All statutory or regulatory references include successor provisions.

7.6. **Incorporation of Exhibits.** All exhibits and attachments to this Covenant are incorporated herein by reference.

7.7 **Counterparts.** This Land Use Covenant and Agreement may be signed in multiple counterparts which, when signed by all Parties, shall constitute a binding agreement.
