**BLM Rangeland Health Status (2024) - The Significance of Livestock Grazing on Public Lands**  
BLM's allotment Land Health Standards (LHS) assessment records (1997 - 2023)

## Query the data – simple or complex:

### WITHIN ONE MAP LAYER

To identify features of interest within a specific map layer, view them in tabular form, or export the results as a csv, shapefile for further analyses, or save them as a kml file for viewing in Google Earth for higher image resolution and access to historical imagery to identify

**Within Layer Query Tool**

Query: Herd Management Areas (HMA)

Location: ALL [Map icons]

hma\_name: Beats Butte

hma\_id: [Dropdown]

admin\_st: [Dropdown]

Reset | Get Results

### BETWEEN TWO LAYERS

To answer more complex questions using more than one map layer:

- (1) Select layers of interest
- (2) Select the attributes of interest within each layer by clicking on the "funnel" icon. More than one attribute can be selected from each dropdown tab to further refine your searches

**Multi-Layer Query Tool**

Find: hmas [Dropdown]

That: are within [Dropdown]

Selected: Level III Ecoregions [Dropdown]

Select Level III Ecoregions: ALL [Map icons]

Reset | Get Results

## Identify features, create maps, and export your findings:

**Multi-Layer Query Tool**
