CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT**

SUBCHAPTER B—PRIORITIES DIVISION

[No. M-2]

GENERAL PREFERENCE ORDER² TO DIRECT THE DISTRIBUTION OF MAGNESIUM

MARCH 24, 1941.

Whereas it has been found that the demands of the national defense program create a shortage in the supply of magnesium so that it is necessary, in the interest of national defense and security, to conserve the supply and direct the distribution of magnesium, giving preference to Defense Orders (as hereinafter defined), now therefore;

Deliveries by all producers of magnesium shall be made in accordance with

the following preference ratings and directions:

All contracts or orders placed with such producers for delivery of magnesium which is to enter directly or indirectly into the manufacture of any material for the Army or Navy are hereinafter called "Defense Orders". Defense Orders, which do not bear a higher preference rating than A-10, are hereby assigned a preference rating of A-10.

Contracts or orders placed with such producers for delivery of magnesium which is to enter directly or indirectly into the manufacture of any material for the defense of Great Britain, including contracts or orders from other parts of the British Empire for that purpose, (hereinafter also called "Defense Orders"), unless otherwise specifically directed by the Director of Priorities, are hereby assigned the same preference rating status as that assigned to contracts or orders for magnesium entering into the manufacture of similar or corresponding material for the Army or Navy, and all such contracts or orders which are not thus assigned a higher preference rating (or which have not now or hereafter otherwise received a higher preference rating) are hereby assigned a preference rating of A-10.

Preference ratings will, from time to time, be assigned to contracts or orders other than Defense Orders by the Director of Priorities. No deliveries shall be made under any contracts or orders other than Defense Orders except by release pursuant to the assignment of preference ratings or by other specific order.

The sequence of deliveries under contracts or orders bearing the same preference rating shall be based on the delivery dates specified in such contracts or orders.

Where there is doubt as to whether a particular contract or order constitutes a Defense Order, the matter shall be referred to the Division of Priorities with all known facts for its determination.

All such producers shall maintain accurate records and information concerning all contracts or orders placed with them, including the name and address of each customer, the kinds, quantities and value of material and applicable delivery schedules, the preference ratings assigned to such contracts and orders, and the dates of actual delivery thereunder, and inventories and stocks on hand; and shall furnish any such information to the Priorities Division, Office of Production Management, Washington, D. C., ten days before the end of each month, which it may request; and shall submit from time to time, upon request, to an audit and inspection by representatives of the Priorities Division with respect to such contracts and orders and prospective and past deliveries, and such inventories and stocks.

This order supersedes and cancels all previous orders and directions of the

Director of Priorities, or the Priorities Division, of the Office of Production Management applicable to such producers, and may be modified or terminated by the Director of Priorities at any time. This order shall take effect on the 24th day of March 1941, and unless previously terminated shall expire on the 30th day of June 1941.

The superintendent of Southwestern Monuments may, in his discretion, issue licenses to properly qualified persons to act as guides for the purpose of accompanying visitors within the canyons.

(e) The superintendent may prohibit the public from entering or exploring any ancient ruins or other archaeological features of the park or monument under his supervision when in his judgment such entrance or exploration will tend to destroy or endanger such ruins or features: *Provided,* That the superintendent may issue special written permits to qualified persons to visit such places for the purpose of making scientific observations upon condition that no artifacts or other objects or features shall be removed or in any way disturbed.*

(c) To conduct or operate, or to cause to be conducted or operated, a saddle horse party into, or to act as guide for any purpose within any of the parks mentioned in paragraph (a) of this section, without the written permission of the Director or the superintendent, is prohibited; and the person or persons so conducting, operating, or causing to be conducted or operated, or acting as guide shall be subject to the penalties prescribed by law for violation of the regulations in this part.

(d) No saddle horses shall be permitted in the Muir Woods National Monument.*
