George - I just back in the office today so I am sorry that I am just getting back to you. George someone from Public Affairs and Legs and Regs will be getting with you to provide you with your requested information.

Take care,

Patrick

Subject

Cal Desert exluded from NLCS
legislation

Patrick: You told me why the Cal Desert was excluded from the NLCS legislation but would you send me a couple of short paragraphs explaining why this is the case please? Part of the answer was the huge amount of solar energy installations already in place and the potential for more.

Right? Thanks, George
