

Dear DWQI colleagues:

I have been asked by Dr. Robert Tardiff (copied here) from the Sapphire Group to have the opportunity to view their presentation on PFOA risk assessment. I have accepted the invitation and will invite Dr. Tardiff to come to the Rutgers EcoComplex (Exit 53 off I-295) in the morning of August 7 at 11 AM. You are all invited to attend, just let me know if you are coming to secure the correct conference room.

Kristin Hansen:
