Subject A reporter's questions

Hi,

I'm a reporter with The Associated Press in Louisville, Ky. I'm trying to find out the occurrence of human remains being found on U.S. Forest service land for the last 10 years. Also, I'm trying to find out the number of assaults on federal employees and volunteers during that time frame.

Could you help me or point me to the person that may be able to provide that information? I would appreciate any assistance.

Brett
