[REDACTED] et al. - I wanted to let you know that this press release went out prematurely. It was released by the Forest PAO, even though Cpt. [REDACTED] specifically advised the PAO that it needed to be sent to the regional media officer for review and then approval at the WO level.

I just got a call at 1559 hrs from a Brett French with the Billings Gazette. He had contacted Mary Maj who in turn passed my work cell number on. Mr. French wanted to know how many people were caught and how much the fine is. I took Mr. French's info and told him that we would get back with him. By the time I got over to the office (day off) Brett had called Mary Maj again and Mary answered his questions by telling him two people were caught and the fine amount.

All I've got for now, I'll be snowmobiling in the Cooke area again tomorrow with FPO [REDACTED]. Have a good one -
