Filming Permits - on RD Desk

9 messages

To: Chad Tinney <chad_tinney@nps.gov>, Lee Dickinson <lee_dickinson@nps.gov>

FYI: the complete Memo waiver request package is on the RD Desk, HOWEVER, there is nobody here today to approve.

I spoke with admin in RD office and they assured me the Memo would get attention first thing tomorrow morning, which is when I expect to have something complete/approved out of the NERO to move forward to WASO.

Got it - we will adjust the filming schedule so that we do the car-2-car stuff first and wait to see what happens.

Lee - any idea if there will be someone around early tomorrow to process?

Okay. I'll be back in the office tomorrow which will make it easier to move. Is there non-drone filming they can do in the meantime?

Lee,
Jim Northup spoke with the region at five last night and they said that they would sign the memo first thing this morning and send it to Charles. I am in the park with the film crew while they do some car to car shots waiting on word about the drone. Cell service is a little tricky on the drive but I will check my mail every chance I get - please send word as soon as it is signed. Thanks for all your assistance.
