THE ENVIRONMENTALLY FRIENDLY, BACKYARD PLAY SURFACE THAT’S KID FRIENDLY.

PermaLife SoftStuff™
SAFEST SURFACE MADE FOR BACKYARD PLAYGROUNDS

You’re looking at a ground-breaking way of protecting our most important natural resource. Our kids!
Protecting them from playground bumps and bruises by cushioning their falls with an environmentally friendly safety surface which is a colorful, clean alternative to sand and wood mulch.

PermaLife SoftStuff comes from tires that have been granulated, cleaned and recycled especially for backyard playground use, it acts like sand but feels much softer on little knees.
And, unlike other safety surfaces, PermaLife SoftStuff holds its vibrant color and lasts for years.
So, for greater safety for your kids, keep it soft with PermaLife SoftStuff.
