Good afternoon, I have been asked by Regional Director Stan Austin, to serve as a Special Assistant to the Regional Director, assisting the regional office with Partnership Programs and Strategic Planning. This detail will be effective Sunday, September 18. The Interim Acting Superintendent will be our Chief of Resource Management Kristen Kneifl.

Thank you all for your work and continuous dedication to Canaveral and to the National Park Service. I am confident that you will continue to support the Park in moving forward.
